Name: Kathryn McKinley Address: 244 N. Broadway, Lexington, Kentucky 40507
Case: 2012-00520
COMMENTS: This will have reference to the rate increase requested by Kentucky American Water.
When KAWC was placed on the hallot for Lexington to purchase the company, I had a petition against their purchase and was overwhelmed by signatures
of persons wanting to have our city take over the ownership. Unfortunately, massive advertising by KAWC about the inefficiency of our government to handle
the day-to-day operation persuaded many people in the city to think free enterprise would prevail and a well-run company would benefit us much more
than government. This has not been the case and we are now reaping the effects of their
takeover. Constant requests for rate increases have made it difficult for the low income households to budget for this latest request and along
I AM ABSOLUTELY OPPOSED TO THIS RATE INCKEASE.
